

Mikdash Park

ב"ה

Mikdash and Kodshim studies have throughout the generations received only a limited amount of attention and were considered as “Hilchesa LeMashicha” (futuristic rulings). On the other hand, our Sages and numerous leaders throughout the generations have often expressed the importance of Mikdash studies as a means of speeding up the process of bring the Moshiach.

Mikdash Park will allow Jews to learn and experience the activities according to Halacha which we will hopefully soon be performing in the Mikdash and prepare us for the Messianic Age.

Why? The Park will allow deep understanding of the Mikdash in our life through Basic & Chassidic teachings. This will create a greater yearning for the Mikdash and the Final Redemption.

What? The Park consists of a modular number of "activity lines". In each line we learn a different subject related to the Mikdash.

How? We start by selecting a desired activity (e.g. Flour offering, OLAT REIYA (“Seeing offering” brought at festivals). This choice defines a set of required “activity lines” we will experience in the Park.

The “activity lines” in the Park follow the Halachic rulings available to us today. These include original costumed “Cohen's”, real utensils, animals and graphics to allow a close to reality experience.

Where? The first park will launch B”H in Israel (Zfat, Jerusalem) B”H large international Jewish communities will follow.

Who ? The parks will initially target religious schools during the school year. B”H Secular schools should follow. Special family and public activities will be available during seasonal times. Eventually those parks will operate all year long.

Costs? Entry Costs are minimal to allow global entrance. Group discounts
