## Certificate of Approval

We have reviewed the game **“Wishful Offerings”** (**“Zivchei Ratzson”**). The game is an excellent occupation for the free time of students. It is highly beneficial as well as important for students, as it develops expertise and experience with the Beis Hamikdash Offerings and the accompanied holy activity.

It arouses yearn and aspiration to see the Beis Hamikdash built and joy in its completion.

Shall H-shem show us the redemption, allow us to ascend Zion with gladness, and bring H-shem all the required offerings as he has instructed us in his wonderful Torah - Amen
